#### Starlight Travelers.

"We are approaching a time of year," said a knight of the lamp this morning, "when some railroad men become restless and want to roam about the country for the benefit of, well, most every organ which helps to compose the body. They need a general overhauling and prefer to have the work done in the balmy atmosphere of the southwest. Some travel on their wealth and then there are others who travel on their nerve, and ninety-nine times out of a possible ninety-nine the nervy individuals indulge in as many luxuries as the men of means if not more. This nervy element have a great time in El Paso. It is considered by them a 'sure thing' eating place for a long distance stayer, and they crowd in here early in the season and remais until the snow leaves the loftiest peaks of the northwest. I do not wish by this argument to impress you with the idea that I have bile on ny stomach and that it's the bile which is doing the talking, but last winter, which was, by the way, my first winter here, thoroughly disgusted me with this class of bums who call themselves railroad mea and who locate a place where they cannot get work and then make arrangements with their friends to remain. I have seen men, hard laboring men, give up money day after day to this element when I was aware that they needed the money for their families at home. One of this sleep easy element approached an engineer in my presence and after unloading his troubles, he told the engineer that he was hungry. The engineer told him that he had no money with him but that he would write a note to his wife and she would serve lunch in short order. The offer was refused and the engineer told the man that it was the best he could do. I do not mean to say that all who visit here in search of work are men of low character. On the contrary, some of the best railroad men in this country have worked in El Paso, but it is getnogood from the degood.' Texas Near The Front in Railroad

# Building

The revised reports up to date show that during the first six months of the present year there were 1292 miles of new railroad built in the United States, which is an increase of nearly 209 miles are reported to be making good time in the direction of El Paso. Everything is in readiness for them here and the dogs.

current half year will far exceed the number of miles constructed during the first six months, and unless every sign fails there will be more miles of iron highway credited to the Lone Star state during the year of 1898 than to any other commonwealth on American continent.-Houston Santa Fe Route Excursion

### The Hunters Return.

Dave Sullivan, night clerk at the T. P. depot, and Clarence Johnson, the T. P. call boy, with Herbert Cole, Joe Page and Tom Beall, returned from a weeks' hunting trip yesterday. They report all kinds of games, licensed and unlicensed. Their friends say the boys had guns with them, but as they could

"What Head-The dreadful headaches which women nineteen time out of twenty that there is more trouble than headache There is prob ably some un healthy condi-tion of the del icate organism of womanhood

and often added to this the digestive func-tions are out of order; these two conditions cause nearly all the headaches from which

There are two great remedies specially adapted to these ailments invented by the chief consulting physician of the famous invalids' Hotel and Surgical Institute of Buffalo, N. Y., Dr. R. V. Pierce. His world-renowned "Favorite Prescription" is the most successful medicine are is the most successful medicine ever known for the cure of distinctly feminine ailments and his "Golden Medical Discovery" is the one supremely effective cure for digestive difficulties. Taken in conjunction they completely

rejuvenate the nervous system of weak and debilitated women; giving health, strength and capacity to the nerve-centers; renewed power to the blood-making glands and energetic force to the entire body.

A lady living in Coshocton Co. Ohio Mrs. W. T. Stanton of Blissfield, writes: "I had female weakness very bad for nearly three years. Had dragging down pains in and above my hips and such dreadful pains in the back and top of my head (just as though someone was lifting me by the hair). Had no ambition, would try to work a few days then would have to lie in bed for a long time. No tongue can express the suffering I endured. I had much pain at monthly periods. I doctored most of the time with as good a physician as there is in the state, but had no ease only when I was quiet and off my feet and then I had more or less pain in my head. When I began taking Dr. Pierce's medicines I weighed for pounds, and was very pale and weak. I took twelve bottles of the 'Favorite Prescription and seven of the 'Golden Medical Discovery. Now I feel like a different person. Have no pain in my head, can do all my work for self husband and one child; am gaining in flesh. I feel it is through God's mercy and your wonderful medicines that I am cured."

Where constipated conditions exist Dr. Pierce's mild and agreeable "Pleasant Fellets" should be occasionally used in connection with the "Prescription." rejuvenate the nervous system of weak and debilitated women; giving health,

find no use for them, they pulled out a bran new deck of cards and found all kinds of games. This is but one side of the story, however. The boys say they had a very pleasant and profitable trip. They brought home some fine game among which were two large deer.

#### A Settlement Reached.

An Austin special says: The execuive committees of the Retail Hardware Merchants' association and of the Hardware Jobbers' association of Texas met here today and arrived at a satisfactory compromise in the matter of the classification of iron and steel articles which it is expected will result in a settlement of the troubles which have arisen because of the taking out of a number of said articles from the mixed carload class some time ago. #### The City Council.

Last night the city council met in regular weekly session, all present at the rap of Mayor Magoffin's gavel ex-cept Aldermen Scott and McDuffie, both of these being away on leave of absence.

The minutes of the last two meetings ere read and approved. The mayor then called for the re-

port of officers. Chief Lockhart reported to the council that he had seen the agents of Messrs. Barnhardt and McBean, who are the owners of the property on Myrtle street where the sidewalks are in need of repair, and had been informed by these agents that Mr. McBean would fix up his part but it was not thought that Mr. Barnhardt would unless so ordered in writing by the clerk. So it was put before the council in the form of a motion that the clerk be instructed to notify those two men about that piece of sidewalk. Motion carried.

City Health Officer Race told the council that he had at present at the pest house the same four patients with smallpox and that they were all pro-gressing nicely and he hoped that there would be no new patients.

City Attorney Kemp made a report, recommending that the city pay to Mrs. McHatton the amount asked for by her in a petition to the council two or three meetings ago, which she claimd was due her in a suit won against the Southern Building and Loan as-sociation. The council ordered the

The street and grade committee's report was called for and in response Chairman Robinson made a favorable report on the petition from the Campbell Real Estate Co. in regard to the closing and vacating of that portion of arnell street lying between blocks 191 and 192 and blocks 186 and 187 and road, who has been in the city the past between the stock yards of the Rio two days, returned to his headquar- Grande and El Paso R. R. company on the south and the Southern Pacific reservation on the southwest: also that portion of Idaho street lying between the above named blocks and the re-servation of El Paso and Rio Grande R. R. company on the south and the Southern Pacific reservation on the

previous meeting the council voted on the ordinance closing this property as asked for. The clerk read the ordinhas been in the repair shop for some ance and the council voted unanimous-

Chairman Robinson asked in behalf of the El Paso Foundry and Machine Co. that their petition presented at a previous meeting be withdrawn. Mayor Magoffin then called for report from the finance committee. The chairman had the following bills to

El Paso Water Co ... Electric Light Co. (arc lights).. 612 00 dogs)..... Pest house... O'Neill & Waddell (groceries)... 

28 20

5 95

14 50

Fassett & Kelly. Fassett & Kelly..... Goodman & Wadlington (feeding city prisoners)...... L. Whitmore (making flag box). El Paso Drug and News Co.... Engineering department......

Sewerage department..... El Paso fire department..... Waters Pierce Oil Co..... Freight Transfer Co ..... J. C. Ross (burial of one pauper) A. C. Mickel & Co (rubberstamps).....

J. D. Richte..... M. H. Webb..... Jose Hernandez..... Dity sewer pumping station.... Alderman Clifford made a motion that the above bills be allowed and

warrants drawn to cover them. Motion carried. The next committee called was the building committee. Chairman Stew-

art of that committee said that he had asked for bids to build two four room adobe houses and the lowest bid he had received was from Contractor Terry, who offered to do the work according to the specifications given for the amount of \$275 each. A motion was made that the building committee have power to act in

the matter of letting the contract. The motion was seconded and carried. Chairman Stewart also told the council that he had worked some on the fire department and jail building plans, but found that all the plans called for more money than the city had to put in such a building and that he thought that the city should call for more plans for a cheaper building.

At this point some stranger got up and told the council that he had been instructed by Mrs. Gabriel that the city didn't own the property where the the present pest house was and he thought that he would tell the council before it put another house there. This matter was hushed up and nothing de finite was done about the matter. However City Clerk Catlin has a deed to the sproperty locked up in the city's safe.

The mayor called for bills and com-

munications. Clerk Catlin read a peti-tion from O. G. Secton asking permission to move a frame building from block 117 to lots 2 and 3 of block 228 of the Campbell addition. The matter was referred to the committee on fire and water,

A petition was read from Zeno B. Clardy asking that the council instruct the city tax assessor to release him from some delinquent taxes back in 1892 which he had discovered delin P. E. Butler, of pack-train No. 3. quent and had recently paid. The writing from Santiagode Cuba, on July amount was \$145.93; this matter was re-

City Engineer Wimberly dressed the council at juncture and told them this he was ready now for instructions council that he made a survey of the line needed for the present and found that it would take 13,900 feet of pipe for the first line. He also asked the council to give him the right to use different sized pipe where the grade of the line would permit. Alderman Robinson male the motion that a special committee composed of the mayor, the city engineer, and the finance committee, look into the prices of pipe offered by different firms ding on the sale, with power to buy

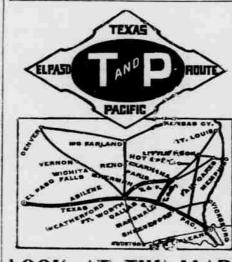

otion carried. B. F. Hammett came' before the council at this time and told them that his company had made considerable improvements in the upper end of the city, that they had built two or three streets and to make good driveways they needed sprinkling; and he prayed Made from distilled water. Ask that the council allow them the use of your family physician or druggist as. one of the city's sprinklers. It was to purity and healthfulness of our ice. be given the use of one. Judge Kemp asked the council to

make him an allowance of four dollars for the purpose of serving the citations on nonresidents in these delinquent tax suits that the city was now bring ing. The judge explained that the money was needed for stamps and other sundries. The couzeil ordered the clerk to draw a warrant to the amount of \$4 for the use of the city at-

The next question taken up was that of the deeds to the triangular piece of ground where it is intended to build the new city hall. There was some little talk on the matter, and then Alderman Badger made the motion that the city attorney be instructed by the coun

cil to see that these deeds were signed and recorded. Motion carried. Alderman Clifford made a motion that the city council call for plans and specifications for the new city hall, with the stipulation that they must I handed in by 9:30 A. M. on Monday, October the 10th, and that with each set of plans a certified check to the amount of \$500 shall be handed in for deposit with the city clerk.

The council then adjourned.
